

VALUE US YOORALLA

HACSU has reignited the long-running Yooralla enterprise bargaining campaign, calling on management to recommence genuine negotiations to reach a new agreement.

Our current Yooralla agreement expired some time ago. Since then Yooralla management have been delaying and refusing to negotiate. It's time for Yooralla management to get fair dinkum.

This agreement would cover members working in Yooralla accommodation and individualised support services.

THE KEY FOCUS OF THE CLAIMS IS:

- Better training and professional development for members,
- Improved wages,
- More say over rosters,
- Improved safety including addressing occupational violence,
- Management listening to workers and addressing concerns generally,
- Fairer disciplinary processes.

To get a copy of the full claim, contact the HACSU office and we will email it to you straightaway.
