The Health and Community Services Union (HACSU) has been the strongest voice lobbying against the State Labor Government's plans to privatise public sector (DHHS) disability residential services. HACSU is also strongly campaigning for quality safeguards under the NDIS.

HACSU has received numerous calls from the public seeking information regarding the NDIS and the Government's decision to privatise DHHS. To answer these questions and help people with disabilities, their friends and families to understand this policy, HACSU will be hosting a free lunch time forum.

A free lunch will be provided

For catering purposes please RSVP (with any dietary requirements) to HACSU as soon as possible via, web, phone or email:
