PROTECTED STOP WORK STATE WIDE MASS MEETING

TUESDAY DECEMBER 19

Meeting 11am - 1pm followed by a BBQ

Victorian Trades Hall Council Building - Cnr Victoria and Lygon Streets in Carlton 3053

VERY IMPORTANT CAMPAIGN MASS MEETING

The Andrews Government is finally listening to our concerns, although they continue to insist they will proceed with the privatisation of most DHHS services.

We must stop work to send a clear message to the Andrews Government that DHHS members want an agreement to protect workers and the residents we support before the end of the year!

We need every member to join this meeting and build pressure on the government. Members will be able to find out more about the EBA process and ask questions of senior HACSU industrial officials.

This meeting will be our opportunity to stand together and demand quality services and job security now!

For set up and catering purposes, please RSVP to <https://hacsu.eventbrite.com.au>
