Speak to a Union representative today!

You may have noticed that HACSU representatives have been visiting as many work sites as possible to get the word out there about what is going on. If you haven't yet had a representative visit you at a team meeting please get in contact. HACSU representatives can attend work sites after or before team meetings, or during lunch breaks. It's important that all Scope Disability Support Workers are engaged in this important process. These conversations are the foundation to improving our wages and conditions!
