## MEET YOUR TRANSFER ORGANISERS

One of the things HACSU members won in the Agreement with the Victorian Government about transferring to the community sector is that four full-time DHHS employees are currently being seconded to HACSU to assist DHHS employees during the transfer until 31 December 2020

Our team has decades of experience working for DHHS – our job is to enable you to make the most of the transfer to the community sector.

Your Transfer Organisers are:

During 2020, we will continue to visit the 500+ houses in the state to further communicate with staff during secondment to Non-Government services.

We are looking forward to seeing you all!
